

# CREATING AN **EPIC HOLIDAY**

*Karleen Savage*

# Hey There!

This has been a rough year for so many, but you still have a special gift. Let's talk about how **YOU** can create an **EPIC CHRISTMAS WITH THEM WITHOUT FIGHTING**. A prayer circle where we join hands across the Nation. PLUS, how this Mom who ran a household of 10 on a shoestring budget created repeatable traditions and how to make it work from a distance! Meet me here; the gift will be unbelievable!!

What if each year we met in a cyber prayer circle where we join hands across the Nation for 25 days of prayer in December.

In this article, I'll be sharing a unique tradition I started in 2019 that cost \$0 but created a spiritual „hush“ for Christmas Eve - and a year of remembering. I'll include how I managed gift giving for a house of 10 and how I created „tradition“ on a shoestring budget. I'll also be sharing the **3 Most Important Gifts for An Epic Christmas** that you can give without the tension!

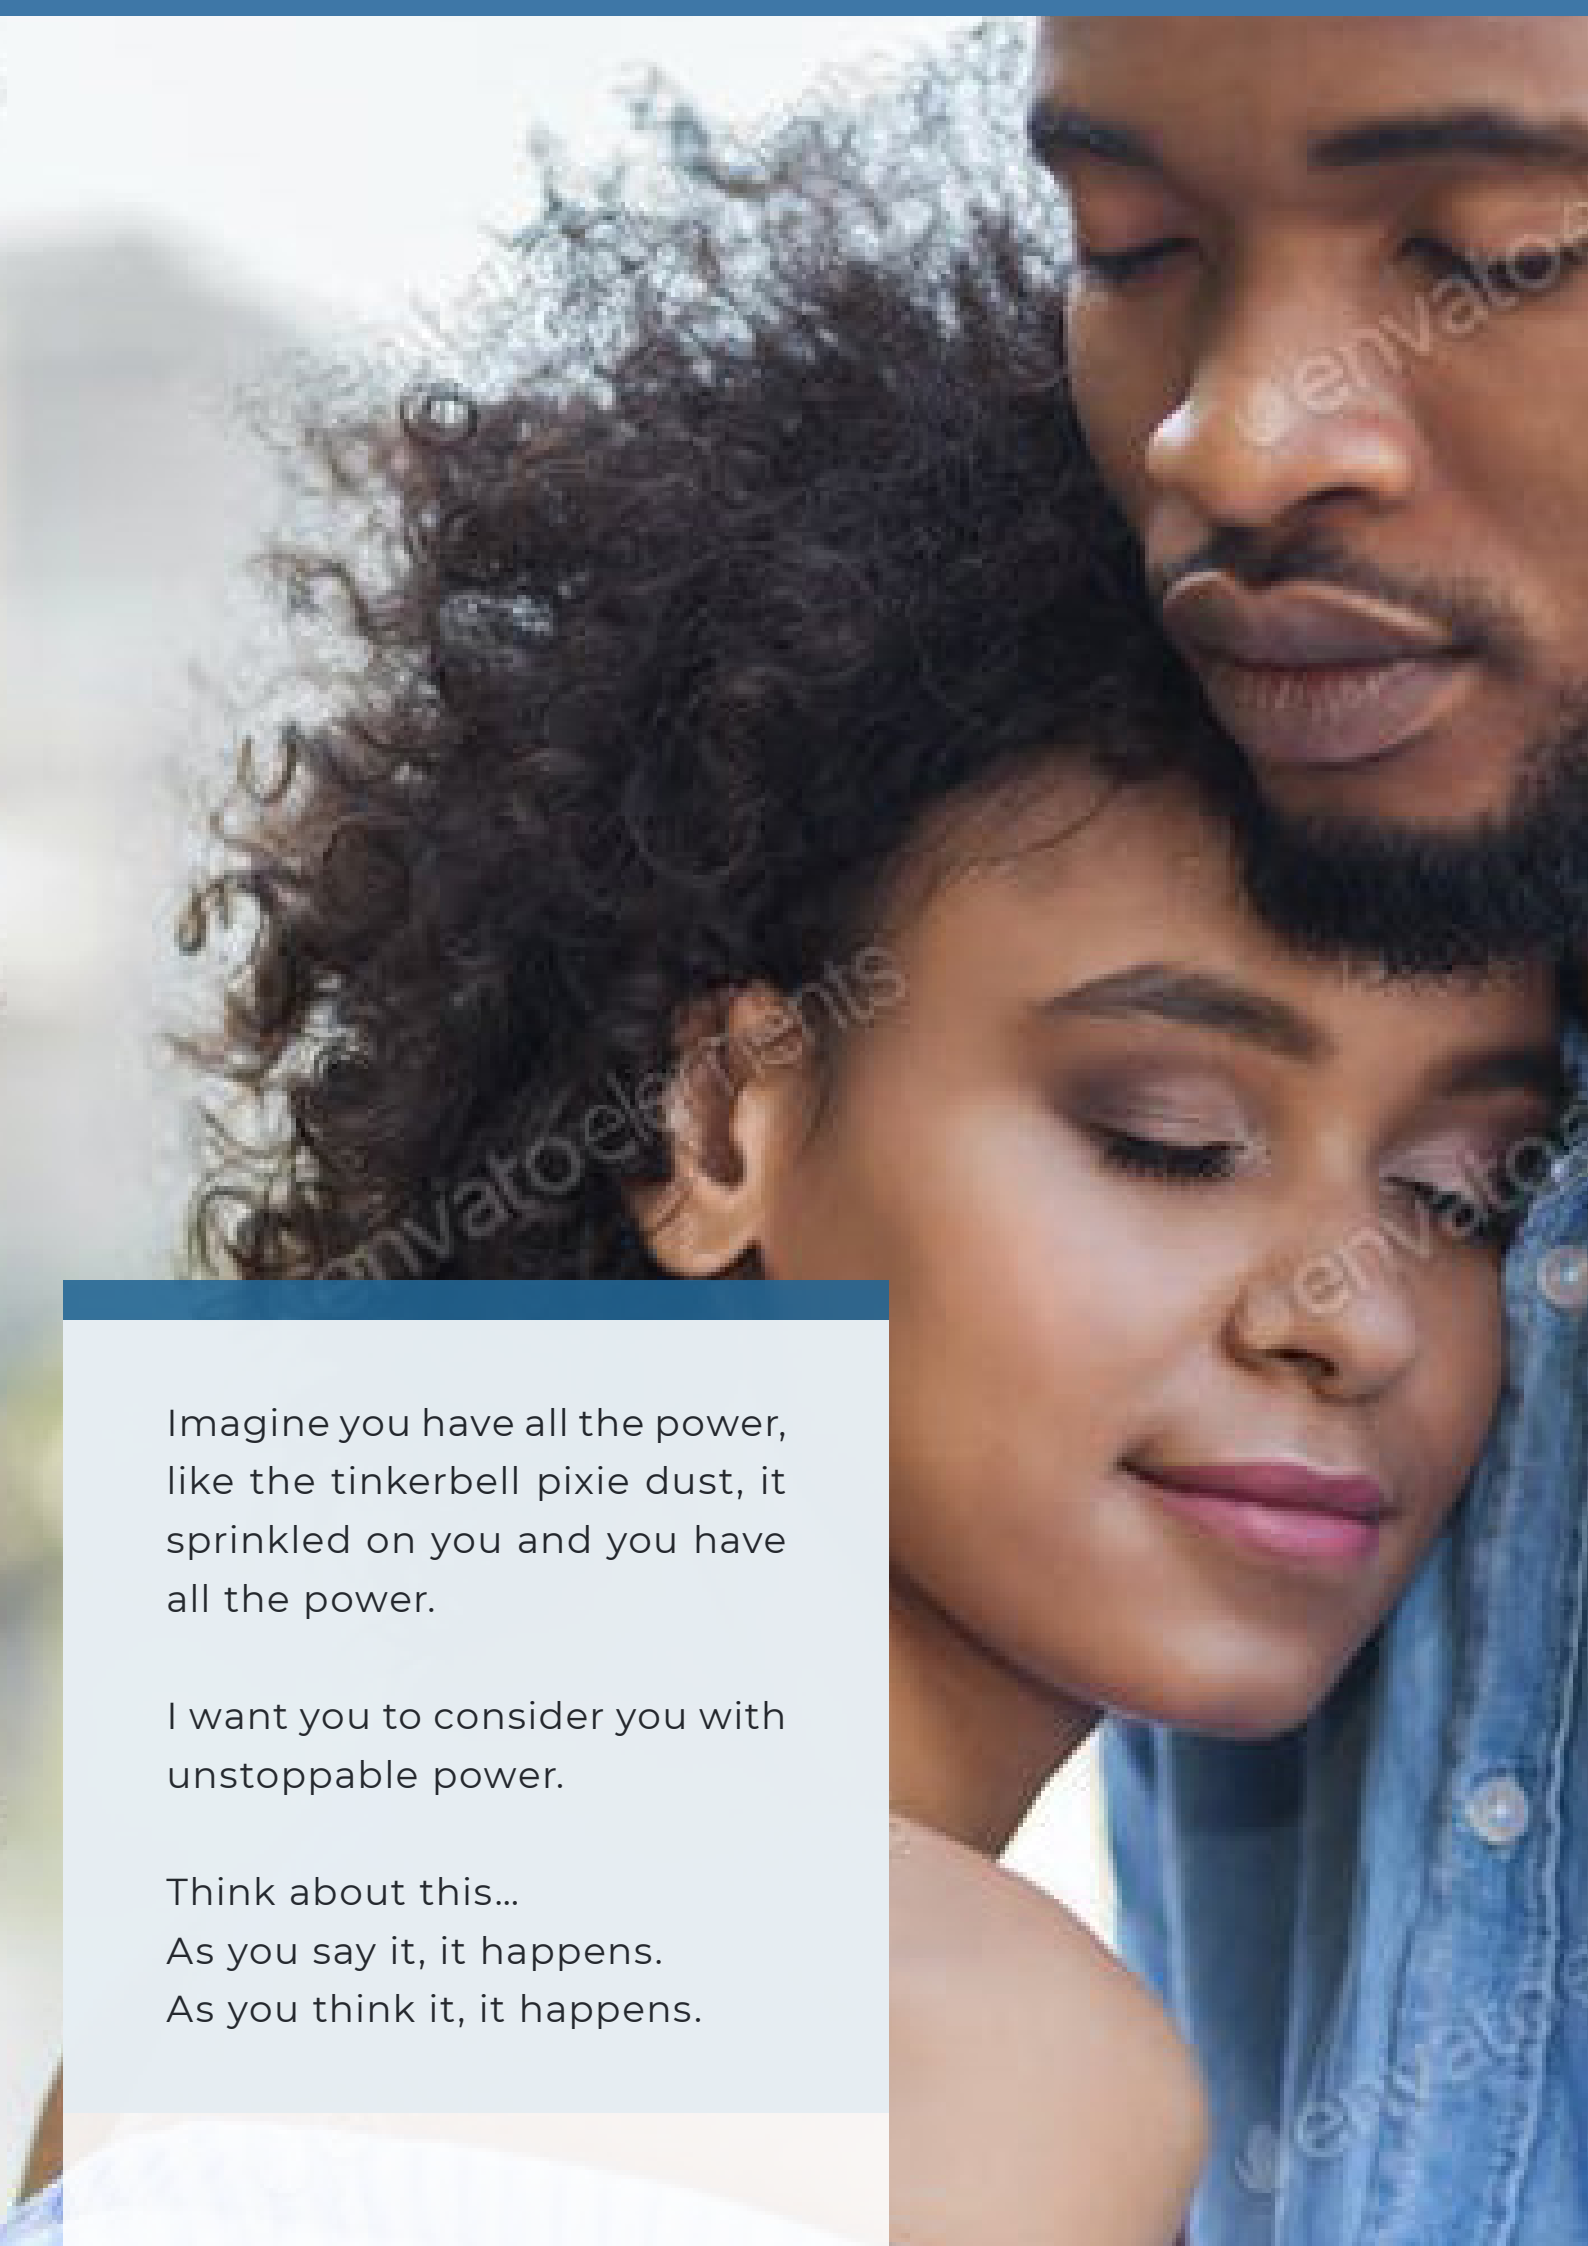

Why? Because at the end of the year we have a small window of time to create or feel that special experience that seems to overflow during the Christmas season, so there is no time for delay or guessing. There is only time for connecting. There is no time for second guessing, there is only time for acting. There is no time to regret how things might have been if we had filled our cup of ideas and inspiration, there is only time for looking forward. There is no time for wishing you had, there is only time for knowing you did.

I'm looking for women looking to build their family's resilience, working women who want to have a pulse on their home from a distance, Mommas looking to touch their children while they're away and prayer warriors who enjoy spiritual refreshers.

I'm **Karleen Savage**. I managed a house of 10 with 7 cherubs, someone usually living with us and a husband who worked 70 hours a week until he had a brain injury that altered our reality within seconds. This and other life experiences gave me the „opportunity“ to lead my family as the matriarch or fold under the pressure. I found great strength in prayer and God delivered inspiration to help me keep the hearts in the home together. Later I was again inspired to earn my M.S. in conflict resolution and negotiations which has been epic as well. I now realize that I don't want to do this all alone. I want a prayer circle. I want to have live conversations with others who believe prayer is and can be powerful. And I'm sharing my own tools and looking forward to what you would like to share as well. May the heavens unite us in a purpose bigger than our wishes!

like the tinkerbell pixie dust, it  
sprinkled on you and you have  
all the power.

I want you to consider you with  
unstoppable power.

Think about this...  
As you say it, it happens.  
As you think it, it happens.
